

ACCENTURE PLC
RECONCILIATION OF REVENUES BEFORE REIMBURSEMENTS
SIX YEAR COMPOUND ANNUAL GROWTH RATE
For the Twelve Months Ended August 31, 2009
(in millions of U.S. dollars)
(Unaudited)

Purpose

Percentage changes in revenues before reimbursements ("net revenues") on a local currency basis: Financial results in local currency are calculated by restating current period activity into U.S. dollars using the comparable prior year period's foreign currency exchange rates. This approach is used for all results where the functional currency is not the U.S. dollar. Accenture's management believes that information regarding changes in its net revenues that excludes the effect of fluctuations in foreign currency exchange rates facilitates meaningful comparison of its net revenues before reimbursements.
